### *Career*

Dana Boldeanu (1977) is an associate professor of Management Information Systems (specializations: Professional Spreadsheets, Databases, Business Intelligence, Project Management) at the Management Information Systems Department. She obtained the professional qualification of Microsoft Office Specialist certification in 2016 from Microsoft through Learning Solution Training in Romania. She wrote her PhD degree paper "Information system for analysing the economic and financial performances at microeconomic level" in 2008 and since 2009 she holds a PhD in Accounting at the Bucharest University of Economic Studies. She graduated from "Research and Teacher Education for Business & Economics (EDU-RES)" interdisciplinary master program at the Faculty of International Business and Economics in 2012, from the Management Information Systems master programme at ASE in 2002, and from the Accounting and Management Information Systems bachelor programme of the same university in 2001. In March 2002 she won a PhD scholarship in Accounting and management information systems at the „Institute d'Administration des Entreprises" – Departament Comptabilite – Controle / I.T.E.C., Toulouse, France. She has Romanian and international publication – including 15 books as author and co-author, 24 scientific articles and over 30 research studies presented at international conferences. From 2009 Dana Boldeanu is a member of the organizing committee of Accounting and Management Information Systems (AMIS) International Conference and between 2014 and 2015 she was a member of the program committee of IBIMA Conference. She was active since 2002 in numerous research projects gained by competition and financed by the National Research Council or with structural and EU funds. For 2009 Dana-Maria Boldeanu is CEO of Centre for Advanced Services on Electronic Services (E-CAESAR), a non-profit association with researches focus on e-services. She was involved in setting up the research centre, acquiring projects and partnerships, working as leader or member in several projects.
